

## MESSAGE FROM VICE PROVOST (EDUCATION)

Dear colleagues

I last communicated to you on our instructional and exams plans on 18 March 2022. We have been actively monitoring the COVID situation and since my last message, the week-on-week infection ratio in Singapore has been consistently below 1. From 26 April 2022, Singapore is stepping down the national DORSCON from orange to yellow.

Therefore, **effective 1 May 2022, we will conduct all classes on campus by default for all UG and PG programmes**, except for classes which are designed to be conducted in a blended learning approach. Instructors will be given the discretion to provide remote learning opportunities for students who are on medical leave, but such **remote learning should not otherwise be used as an alternative to on-campus classes**.

Similarly, **from 1 May 2022, all exams will be held on campus by default. We will no longer provide concurrent remote online exams**. Students who are unable to attend the on-campus exams for medical or compassionate reasons will need to take an I-grade or sit for a make-up exam. Students may refer to the exams policy or approach their School/Programme Office for assistance where necessary. For the avoidance of doubt, the policy will apply to only exams from 1 May 2022 onwards and will not affect the ongoing UG AY2021/22 Term 2 exams.

I appreciate your continued support. Thank you and I wish you the best for the summer ahead!

Best regards,

Professor Venky Shankararaman  
Vice Provost (Education)  
Professor of Information Systems (Education)  
Singapore Management University
